## M. S. A. D. #44 Directors' Meeting

At their meeting on Monday of this week at the Telstar Library the Board of Directors of M.S.A.D. #44 tabled indefinitely any action concerning "second reading" approval of a "Student Attendance Policy" as presently constituted. Several directors had second thoughts on the suggested policy in several areas including excused absences for which work had been satisfactorily made-up continuing to be charged against total student absences that could possibly result in denial of academic credit.

The Board's Policy Committee will do additional work on the matter of student attendance in conjunction with a possible policy on make-up practices.

A "Residency Policy" was granted final approval by Board action as follows: "School Administrative District #44 will enroll a child in school if the child's parent or legal guardian resides in this District. In the event that guardianship proceedings have been initiated prior to the student's

registration in school, the student will be admitted for a sixty (60) day period, pending the execution of guardianship papers. If guardianship papers are not received after sixty (60) days the student will be excluded from S.A.D. #44 schools."

Authorization was granted for the Superintendent of Schools to assume the duties of the Building Committee for the proposed building projects including a new elementary school in Woodstock and an addition at the Crescent Park School site.

The Directors authorized the formation of an Advisory Committee for the elementary school construction projects to be composed as follows: two community representatives from each member-town of S.A.D. #44, designated by the municipal officers of each town; one elementary teacher from each building in S.A.D. #44; Burnie Rice, Buildings and Grounds Supervisor for S.A.D. #44. This Committee is continued on Page Eight

## OUTLOOK RECORDING STUDIO IN OPERATION A YEAR

The Outlook Recording Studio, located on Route 2 north of Bethel, has been in operation for just over a year. It is the only professional multi-track recording facility in Western Maine. The unique control room, constructed by local contractor Peter Kuzik, and the studio's alternative approach have attracted many professional recording artists. The Blend, The Young Moderns, Peter Dayton, Pastiche, The Future Dads, poet Emily XYZ, and local performers Runnels and Miller, among others, have recorded albums and singles at the studio for release on many different labels. An album recorded by Willie "Loco" Alexander has been simultaneously released in the U. S. and France with rave reviews, and it is getting heavy airplay on many progressive radio stations.

On the local scene, both the first and second prize winners of the Mollycoddett Day Music Festival in Bethel have completed their recording sessions. Mainstream completed a demo tape of three songs, and Jerry Evans has released a single — "Mud Wrestling Women"/"The Last Letter" which is currently available at many local stores. Other performers from the festival, The Crayons, and humorist Joe Perham, have also recorded at the studio recently.

The studio, owned and operated by Ted and Connie St. Pierre, was featured in the Oct. 14 issue of "Sweet Potato."

## Evening Robbery at Prim's Pharmacy

Prim's Pharmacy on Bethel's Main Street was victimized in an armed robbery last evening (Wednesday). At about 8:30 two males entered the store and after loitering for a few minutes one of them handed a bag to the person on duty with instructions to put the money in it. As at least one of the thieves appeared to be armed, the instructions were followed. The robbers then left the store with an estimated \$150.

The incident is under investigation by Bill Williams of the Oxford County Sheriff's Department; Chief Robert Stearns and Officer Warren Bouchard of the Bethel Police Department.

## SENIOR CITIZENS TO HAVE CHRISTMAS PARTY, DEC. 9

The Senior Citizens will meet at the I.O.O.F. Hall in Bethel, Wednesday, Dec. 9, at 11 a. m. for their annual Christmas party with a luncheon, exchange of gifts and a visit from Santa. ## GREENWOOD REC. BOARD PLANNING CARD PARTY SATURDAY, DEC. 5

Last spring the Greenwood Recreation Board tried to prove that entertainment can be found inexpensively and locally. Through the hall wasn't over-flowing those that came had a good time. The group hopes to do this monthly during the winter.

What is this "new-found" idea? A good, old fashioned card party. The first in the winter series will be held Saturday, Dec. 5, downstairs at the Locke Mills Town Hall, starting at 7:00 p. m. How do you join in the fun? Come and pay a small fee that covers your entrance, hours of card playing, and refreshments. What takes place at a card party? You choose your game (bridge, 65, cribbage), then try your luck. When the evening's through there are winners, prizes, and smiling losers. Any more questions? Call Shirley Seames at 875-2683.

## THE SEARCH CONTINUES

Volunteers are still needed to participate in Bethel's 17th annual Nativity Pageant. People are needed to chair committees as well as to sing and act. If you are a member of a local organization, be sure that your group is represented in the pageant. Even one hour of your time will be a great help. Don't wait to be called! Remember: the only way for them to know you are interested is to call them. Call Chris Greenleaf at 824-2744 or at 824-2175.

## BILL KOCH YOUTH SKI LEAGUE SIGN-UP DEC. 5

The local Bill Koch League's winter schedule is rapidly taking shape. An explanation of the junior recreational ski program at Crescent Park School and the Bill Koch Youth Ski League was presented today by Ginger Kelly, Don Angevine and Bob Remington to over 100 youths to age 13 in the Telstar Lecture Hall.

The Bill Koch Youth Ski League or BKYSL is a national nordic ski program of the United States Ski Association for over 10,000 boys and girls from Maine to Alaska through age 13. It is based on the premise that fun and fitness are important elements in developing a healthy family lifestyle. The league is entering its seventh season and is supported by a grant from The Travelers Insurance Companies.

The BKYSL is named after an outstanding athlete, Bill Koch (pronounced "coke"), who became the first American to win a medal in Olympic cross country skiing competition. After many years of dedicated training, Bill became a silver medalist in the 1976 Winter Olympics.

Parents are urged to come to the BKYSL registration at the Casco Bank Community Room, 10 a. m. to noon, Dec. 5. There will be

## North Paris

— Eveline B. Vatcher, Corres. —

The hunting season on deer is at an end and I for one am glad.

The Town trucks were out Friday morning with salt and sand as the roads were very slippery after the rain, sleet and snow. There were a few accidents, in lots of places. The woods were full of hunters but I failed to see one deer or bear go by the house, either on foot or horseback. There were more hunters than deer. Now they can grow for another year.

Callers at Lawrence's: Margaret Stevens, Lena Dean, Lena Kangas, Alice Billings, Mr. and Mrs. Maynard Emery, Mr. and Mrs. Albert Downing, Mr. and Mrs. Joe Vatcher, Mr. and Mrs. James Mason, Mr. and Mrs. Norman Abbott, Alice Goff, Sylvia Cummings, Robert Anderson, Sr., Burlington, Mass., and Michael Fucarle, Woburn, Mass., came to Anderson's trailer Thursday afternoon to finish out the hunting season. They returned home Saturday afternoon. Mrs. Anderson and David were unable to come as David has infection in both eyes.

Mr. and Mrs. Joe Reidy of Tynsbury, Mass., were at their trailer and all of their children and grandchildren came for the holiday and long week end.

Mrs. Leslie Bailey is employed at Zayre's, South Rumford. She called on Joe and Eveline Vatcher on Wednesday afternoon.

Mr. and Mrs. William Labbe, Cornelius and Danny, spent the week end with their parents, Mr. and Mrs. "Red" Vatcher. They returned to Camp Devens, Sunday. Leonard Pearson has been laid up or indisposed for a week. Bad back.

The light bill for the Community Hall took a quick increase in the last month. From \$9 to \$25. All the mice holes have been plugged and other precautions taken to see if it would take a jump this month.

I have a Christmas cactus that is just loaded with buds and has several blossoms all opened up and it is only a young plant. Looks better than a Christmas tree to me.

Sorry to read that Elsie Tucker had a mishap on the road Friday. Hope no bones were broken.

I tried my luck with an apple head doll and it came out good. I put the eyes in as soon as I pared the apple, and it works better.

Joe and Eveline Vatcher were in Portland, Monday, Nov. 30, for Joe's appointment with the ear specialist. They then went to Danvers, Mass., to visit his mother.

## West Greenwood

— Carolyn M. Colby, Corres. —

Michael Wilson, Lincoln, spent Thursday night and Friday with Gloria Wilson.

After having a Thanksgiving dinner at home, Leah Deegan, left to spend the week end with Marion Soule in Palermo and had another Thanksgiving there on Saturday.

On the Sunday before, Bob, Mona, and Katrina Lowe and Philippe, Jane and Monica Rolfe went to Mr. and Mrs. Homer Farnum's at Bryant Pond for a Thanksgiving dinner. On Thursday, Bob, Mona, and Katrina were at Janie's for another Thanksgiving.

Mona, Jane and Monica were in Portland, shopping.

Marc, Leslie, Nathan and Jennifer Moore visited Mr. and Mrs. Harry Moore, Goshen, Conn., and Mr. and Mrs. Woody Clark, Litchfield, Conn., over the holiday week end.

Friday evening, Dorothy Ann Bartlett, East Bethel, and Clayton Bartlett, Kennebunk, visited Maude.

Mrs. Fannie Vatcher, and other relatives and returned to their home on Tuesday in time to attend the Senior Citizens' dinner at the West Paris Legion Hall. A ham dinner with all the fixings.

## NOTES FROM

### Evans Notch

White Mountain National Forest

This past week Forestry Technicians, Gary Inman and Reggie Gilbert met with the Forest Wildlife Biologist, John Lanier to view and discuss problems with the deer yard areas on the Evans Notch Ranger District. Deer yards are softwood or coniferous areas where deer historically congregate during winters with heavy snow. The loss of deer yard cover or softwoods due to the December 1980 windstorm is a special concern. John and his staff, as well as District personnel, will monitor the deer yard areas as the winter progresses.

There are still 11 trails that are closed due to storm damage. These are: Albany Notch, Albany Mountain, Albany Brook, Big Deer Hill, Conant, Bradley Brook, Houseshoe Pond, Little Deer Hill, Deer Hill Spring, Mountain Pond, Shell Pond, White Carin and Styles Grave. Winter hikers should check at the Evans Notch District Office for current trail information.

District Ranger, Mark Boche, met with the Maine Department of Transportation on Nov. 16 to discuss winter use of State Route 113. Snowplowing will not be allowed through Evans Notch because of the difficulty in plowing and maintaining that section of road, the high potential for re-forest and structural damage and concerns for public safety.

Ken Zerbst is the most recent citizen to become a U. S. Forest Service Volunteer. Ken has volunteered to maintain one of the District's wildlife openings. His work will improve apple trees and habitat for a variety of game and non-game species. The Volunteers in the National Forests Act of 1972 enables interested citizens like Ken to assist in the conservation work of the Forest Service.

We hope that the hunters and many campers enjoyed the Evans Notch District this fall. It has been a pleasure while working in the field to meet and talk with many of you.

— Sent in by Eva Yates —

The very last day of November—and it looks like it might be a better day than the last three have been. We do have a dusting of snow. It's not been a very good week all in all but what a lovely Thanksgiving day the good Lord sent us. It was magnificent all day, and a beautiful sunset—then at 7:30 p. m. it was all dark and cloudy. Peggy, Joe and the Old Go Shoes which we had taken from the hook and warmed up left about 9 in the morning and went to Lewiston to my granddaughter's home—there we were joined by four others so nine of us sat down to a delicious turkey dinner with all the fixings. It was a grand old day with only one flaw. Viva could not be there. It was a day to be thankful and I hope everyone enjoyed it as well as I did. How about it Eveline did you get plenty?

Nope—our Elsie had not deserted us. She had been sick and although she did not feel her best it was good to see her on Monday.

This Monday morning we get the report our Elsie is in the hospital as the result of an auto accident. We hope she is not seriously hurt.

The Go Shoes started the week yesterday by going to Peggy Blake's for an old fashioned boiled dinner. That was good too and was topped off with a nice tasty squash pie. How can one lose tonight with all these goodies set in front of him or her?

Bryce Yates was in Jackman, Maine, on Wednesday on business.

Traffic has been plenty these last few days so I guess the skiway is busy. Nancy Young is one of the short order cooks there.

Darnita Yates helped her grandmother one day this week.

Mr. and Mrs. Robert Billings of Bryant Pond were recent callers at Joe and Eva's.

Be happy—Santa Claus is coming—so be good.

IM MEMORIAM

In Loving Memory of Mary & Lisa Howard

Sometimes two haunting memories will find their way to my mind. It leaves a large and gaping hole a tearing pain in my heart, I find.

Among strangers I find bits of you a nose here, a smile, the swaggle of your walk. But then the memory dims the pain fades, as I listen to them talk.

I find it difficult to trace an outline of you two. I always knew The seasons have melted into years forever gone, left with a memory of you.

Time heals all wounds, they say not all together, I contend I have memories of that tragic day the scars have refused to mend. There is never one alone, but two Mother and her daughter, a counterpart.

My broken body will subside and scar the stoutest heart. Time itself cannot erase these scars of my wounded soul. For marks are left upon my face yes, grief always demands its toll.

There is a lot of joy in living because of things we like to do. But Mary and Lisa we'll meet again and remember, I'll never forget you.

Always Remembered —Greatly Missed Mom & Family

### LEGION DUES INCREASE EXPLAINED

After Jan. 8, 1982, membership in Mundt-Allen Post #81 will cost \$11 compared to the present \$10. This \$1 increase is due to the \$2 increase cost to posts from National Headquarters voted on by them at the National Convention in Hawaii last summer. Under the present \$10 cost, Posts sent \$7.85 to Department Headquarters in Waterville, \$4.35 of which is kept to run Dept. affairs and \$3.50 is sent to National Headquarters in Indiana to operate their business. This leaves \$2.15 which is kept by the local Post. Under the new cost of \$11, \$4.35 will be kept by the Maine Department and \$5.50 sent to National Headquarters. This will mean a loss of \$1 per member kept by the local Post: \$1.15 instead of \$2.15.

This explanation is just to let members know that the local Post had nothing to do with the increase in dues and to show members that \$1 will be lost locally per member under the new rule. Any unpaid members are urged to get your dues paid before the Jan. 8 increase.

Jack and Merrill McMillin, New Britain, Conn., were Thanksgiving guests of his parents, Mr. and Mrs. Frederick McMillin.

All letters reflect support especially those received from employees of "Ma Bell" herself.

Stevensville, Md.: "A part of America that should be preserved. The fact that it is still in use and serving your community well, seems to be an appropriate method of preservation. In a society where we are constantly bombarded by recorded messages and computerized voices, it is comforting to know that such a personalized phone service exists."

Albany, N. Y.: "As a member of the Bell System would like to see your town remain unchanged. It would really be sad to see the 'good ole days' put to rest. I love your hometown spirit! May you people of Bryant Pond be yanking the crank forever."

Peekskill, N. Y.: "I wish you success in retaining your valued and cherished telephone system. The trouble with America's corporate system today is that they are too big and powerful and the small taxpayer suffers."

Whiting, Maine: "We love restorations and yours would have a particular appeal for the State of Maine. Good Luck."

Harford, Conn.: "You know in San Francisco they ripped up most of the cable car system before public opinion stopped it—keep up the faith. I'm also writing to Oxford. Don't let them replace your system."

Stafford Springs, Conn.: "Please continue to fight for your crank phones. Maine is an old and beautiful state and should stay that way. New improvements are very costly and inefficient."

Port Ewing, N. Y.: "reflecting on the ring down system. I cannot pull anything else out of my experience that could replace the connection with any individual and their communities. My entire being sympathizes with you, frankly I cannot see who benefits from this, as the anxiety exerted will cause physical and mental health problems to the entire community."

Tom's River, N. J.: "Too often we have tossed away previous ways to make way for 'progress'. A pox on progress, we have become robots in a mechanical world with a complete loss of consideration for our fellow man."

Menlo Park, Calif.: "I have spent my entire working life in the telephone industry and it never ceases to amaze me that all of the newest electric 'features' and 'advancements' of telephone technology 'call forwarding, conference calls, voice store and forwarding', were present in the magneto switchboard. It is certainly a sad comment on the state of things that a century of 'progress' will barely bring us back to the level of service provided by a human operator."

Clearwater, Fla.: "You are celebrities in these parts, keep up the fight."

Letters from outside Bryant Pond certainly provide encouragement.

## O.C.C.S. PREPARED FOR HOME ENERGY ASSISTANCE PROGRAM

Oxford County Community Services stands prepared to take applications for the Home Energy Assistance Program beginning Nov. 30.

However, according to that private non-profit agency's executive director, Charleen Chase, "clients may not receive benefits very soon due to the fact that Congressional appropriations for the Home Energy Assistance Program have not been sent to Maine."

"Like last year's program, home energy assistance is not an emergency program. It does not provide benefits for those who face winter and fuel related crises. The purpose of the Home Energy Assistance Program is to help eligible, handicapped, and low income people defray the outrageous cost of household energy use."

When the money is available, benefits vary according to household income levels. The O.C.C.S. Director for the Home Energy Assistance program warns, "no one is automatically eligible for home energy assistance". Program Director Lynda Haegle, emphasizes that applicants must fill out and review applications for assistance with an O.C.C.S. Outreach Worker before any action can be taken to determine income eligibility for the program.

Mrs. Haegle states that the program will not pay for food, clothing, rent, or any other need unrelated to home energy.

"The only benefits of this program for eligible households will be provided in one of two forms. In the case of eligible households who pay for energy directly to a dealer, the benefit will be sent as a one time payment to their respective dealers on such household's behalf."

"A second type of benefit is planned for those renters and do not directly pay for their home energy. For those eligible renters whose heating costs are included in the rent paid to a landlord, O.C.C.S. will issue a direct check in the amount for which the households have been determined eligible."

"People who find themselves in jeopardy of health and safety due to shortage of necessities, should contact local churches, town offices, families, and friends," said Mrs. Haegle.

This year, according to Mrs. Haegle, applicants will have to wait no longer than 20 days before learning of their eligibility for assistance. After eligibility is determined, O.C.C.S. will issue a one time check to the eligible household's energy dealer or directly to the household from the date of determined eligibility.

However at this point in time neither the money nor the specific benefit amounts for the program have been determined due to Congressional inaction on the spending front. Depending on the eligible household's level of income, the benefits could vary between \$150 and \$400—all dependent upon the amount Congress decides to spend nationwide.

"Despite the lack of Congressional action and the fact that money is not yet available for benefits, O.C.C.S. has been planning and preparing for their program as much as has been possible," commented Mrs. Chase.

"We at O.C.C.S. have been working very closely with a broad array of community such as our board of directors, local town officials, clients, sister agencies, fuel vendors, and wood dealers."

"This cooperative partnership with the private, public, and the human services sector has enabled us to prepare every detail possible without actually having program monies available."

When the money becomes available, O.C.C.S. will provide assistance one time only to each eligible household.

Oxford County Community Services Outreach Workers will be available to take and review applications from all Oxford County residents with the exception of applicants whose legal residence is in one of the following towns: Mexico, Porter, and Rumford. Residents of those towns should contact their town offices to apply.

According to Haegle, "it is important for applicants to fill out their applications in the presence of an O.C.C.S. Outreach Worker. To make sure that we are better able to quickly serve anyone who applies, that person must bring proof of income for the whole household covering the year prior to the date of the completed application. To insure that the proper proof of income is established, applicants should bring check stubs, bank statements showing earned interest, annuity statements, Social Security checks, and the like," Haegle concluded that

## DOUGLASS RE-NAMED SUPERVISOR OF S.W.C.D.

Dana C. Douglass, Jr., of Bethel, has recently been re-elected as Supervisor of the Oxford County Soil and Water Conservation District and will be serving a three year term. Dana has served on the Board since 1975. Dana is also a representative to the Maine Soil and Water Commission.

The Soil and Water Conservation District, organized under Maine State Law, is a legal subdivision of the state, set up to help landowners solve their problems of soil and water conservation. With today's great concern over a good quality environment the District is pleased to have competent local people such as Dana involved in resource management.

When the money becomes available, O.C.C.S. will provide assistance one time only to each eligible household.

Monday and I just got back from downtown as the sign said packages for Hawaii should be shipped by Nov. 30. Also had completely forgotten by brother John's birthday until Saturday, so sent a card while at the post office as he was born the 30th. ## South Woodstock

Olive Davis, Corres.

A true coyote story was told me tonight. To the ones who think coyotes are not dangerous. One of our Rhode Island hunters was up on the mountain in South Woodstock, namely, Kenneth Gordon. A coyote ran by, then whirled about and came at him snarling. He took a quick shot and killed him. The animal was only eight feet away. How would you like to meet up with this animal without a gun? Coyotes in the woods are too plentiful and it isn't safe for people to go into the woods without being armed. He weighed about 50 pounds.

One of the Rhode Island hunters was a lucky hunter and took a deer home with him. Taisto Koskela shot a nice doe, Saturday.

We extend our sympathy to Herman Cole and family over the loss of his wife, Flora Cole. The funeral was Saturday afternoon at the Andrews funeral parlor.

## Greenwood City

Mrs. Colista Morgan, Corres.

The afternoon was sunny and pleasant, when I rode with Clyde to the top of the farm fields to get evergreen boughs enough to cover a few shrubs. It was unusual for me to ride there for I usually walk. I had not been there since Oct. 9.

Our first encounter was a part-ridge, which we startled from the grass. It went speeding through the trees at our left with split-second dodging among the low limbs. It moved through them like shuttles through lace, which always puzzles me. How can they dodge so many limbs!

I gathered some pine to make a svelte decoration, trimmed with berries, red ribbon and snow drops. Clyde went in the opposite direction to get larger and thicker branches.

I then turned toward the north and looked to the pond and over the valley, backed by a bowl of hills. I could see intricate alliances of crystal light in the evergreen needles.

The fields lay in the November browns. Although I saw November I thought of March.

A nuthatch sang a rapid nasal up, up, up, up, while a blue jay added its brazen trumpeting.

As many times as I have been there I still find there is always something to observe, something to do, something to record, and something to put aside in the corner of my mind. I so often think of the poem written by Margaret Farrand:

"A curve in the road and a hillside,  
Clear cut against the sky,  
A tall tree tossed by the autumn wind  
And a white cloud riding high.  
Ten men went along that road,  
And all but one passed by.  
He saw a hill and the tree and the cloud  
With an artist's mind and eye,  
And he put them down on canvas  
For the other nine men to buy."

From chimney tops in the valley wreaths of smoke made strange shapes, faded, and merged into other shapes, then mingled with the sky.

My eyes caught the image of East and West Baldpate. My mind immediately turned back to a day in May, a few years back, when coming down the trail from West p'ate I slipped and sat down in the mud and water. Today, they were both white with snow. As I looked, a thin cloud moved in and leached out the light. Then it moved away. Again the sunlight streamed through the notches and crept down the slopes. I remembered the great seamed rock faces standing out in gray. Now a frozen granite sea dusted in white.

while the valleys and shoulders falling down their sides were covered with dark evergreens.

The solid and well defined fir tops, like sharp and regular spearheads, black against the sky, gave a somber look to the forest. The spruce tops have a similar but more ragged outline. The pines of course added much. I am always impressed with trees with fur on. I enjoy looking at trees because they are refreshing and reassuring. They are part of our America, part of the dignity of life. A tree is marvelous because it's an invention, perhaps. It operates silently, efficiently, and continuously.

I moved on toward the truck, as a single shaft of breeze came rippling over the hill.

The pond not yet frozen, was dark; like the nap of velvet. But I couldn't keep my eyes from the snow clad mountains, where my thoughts fell away and were lost among the great silent peaks.

At the Hols on Thanksgiving were Mr. and Mrs. Robert Holt and three children, of Windsor; David Holt, Dexter; Ann Holt, Bethel; Bernard Morgan, Leonas and Fay Holt, Clyde and Colista Morgan, Local.

Walter Lord, Waterford's oldest citizen and holder of the Boston Post cane, celebrated his 99th birthday on Nov. 26, Thanksgiving day, as it sometimes falls on.

A big celebration had been planned by his daughter, Jo Sanderson and Mrs. Dorothy Paily, activity director at the nursing home. He was to have dinner and guests at Mad Mama's Restaurant in Jay, just a few miles from Pomeroy's nursing home where he is a resident. But Tuesday afternoon he had a bad spell and was unable to go out on his birthday. So some of the goodies were brought back to him.

A very dear friend for many years, Harvey Levin of W. Long Branch, N. J., heard Walter was very fond of lobster, so he sent money and asked to see that Walter got some on his birthday. Harvey and Walter became friends way back in the 20's when Walter and his oldest son, Myron owned and operated two Reo wagon and took the camp boys from Wigwam in South Waterford on trips up to Mt. Washington on a two-day trip so they could climb the mountain. Harvey always felt Walter was a Dad away from home and became very fond of him while at camp.

Walter received many gifts and cards. Among them one from President and Nancy Reagan, also one from Gov. Brennan and many more from friends and neighbors.

Two dear friends, Allen and Alice Laughlin of Westbrook, came on his birthday to have dinner with him and help him celebrate. Most of his family have visited him during the past week. It makes him happy when they read his cards over to him and keep him posted on what is going on back here in Waterford.

to develop the educational specifications for the building project, advise the Board's Buildings and Grounds Committee and serve as resource people to the Communities with regard to the building projects.

A proposed re-alignment of the administrative staff of S.A.D. 44 was discussed by the Board of Directors. This reorganization still remains a proposal and Board action in several areas will be necessary before any changes are made. As several major aspects of the District's operations would be effected by the re-organization, many issues will need to be addressed and any questions deliberated with great care before any final decision by the Board.

Before the meeting's close the Board entered executive session for review of the annual evaluation of the Superintendent of Schools.

Bethel Director John Laban was the sole member of the S.A.D. 44 Board scheduled to be held at the Telstar Library on Monday evening, Dec. 14, at 7:30.

Finally, future donations to the museum can go either to Curator Larry Billings or Assistant Curator Louisa Noyes. Larry is no longer available during the week, and Mrs. Noyes will be happy to assist donors. She is also planning the organization of the reference library. The Society hopes to sign out books to Woodstock residents next summer. The library should be a useful supplement to the Whitman Memorial Library. Books are needed on history of all kinds, volumes on art, literature, and music, and especially information on antiques, crafts, collectible items, and nature—birds, flowers, minerals and the like. Also welcome are old copies of such magazines as "Down East," "Yankee," "Maine Life," and "Colonial Homes." Also, Polly Croteau very graciously loaned Larry and Mrs. Noyes some information from the Library to help the Society get started.

**M. S. A. D. #44****Superintendent's Newsletter**

Dr. Wayne F. Gersen

One of my responsibilities as Superintendent of Schools is to establish and maintain a sound organizational structure which provides for the essential functions of a school system, and, to recommend for Board approval organizational revisions to meet changing conditions. At the Board of Directors meeting on Monday, Nov. 30, I shared with the Board a proposed administrative reorganization of S.A.D. 44. This plan was formulated to streamline the administration of S.A.D. 44.

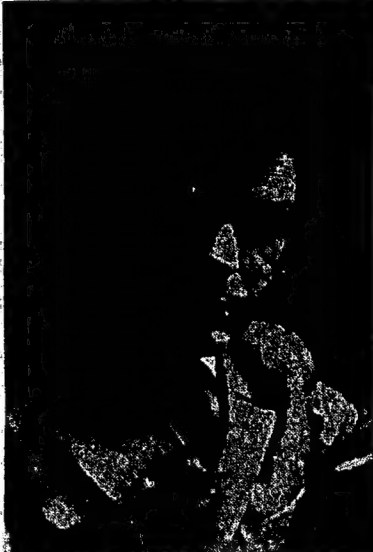

Under the proposed reorganization, six positions in the District would be eliminated: Elementary Supervisor; Teaching Principals in Andover, Bethel, Bisbee, and Woodstock; Special Education Coordinator; and District Bookkeeper. The contract with our professional negotiator would be discontinued, with those responsibilities transferred to the Central Office. The positions of Transportation Supervisor and Buildings and Grounds Supervisor would be modified, with the fiscal management aspect of these jobs being transferred to the Central Office. Four new positions were proposed in this administrative reorganization: an Elementary Principal assigned to Bethel, Bisbee, and Crescent Park; an Elementary Principal assigned to Woodstock and Andover; an Assistant Superintendent assigned to the Central Office; and a Clerk/Secretary assigned to the Central Office.

In this reorganization, the Elementary Principals would be responsible for the supervision and evaluation of the professional staff in their buildings, the budget development for their buildings, the day-to-day management of their buildings, and the chairing of all Pupil Evaluation Team meetings in their buildings. Whereas the Elementary Supervisor is currently responsible for the evaluation of over 35 professional staff members, under the proposed reorganization, the Elementary Principals would be responsible for supervising 15 to 25 staff members. Furthermore, the establishment of full time administrators at the building level should result in greater autonomy in the local schools. Research has consistently demonstrated that a superior educational environment exists in a school where there is a strong principal. While the size of our elementary schools precludes the assignment of a full time administrator to each building, clearly, the assignment of two full time administrators to our four elementary schools will be superior to the assignment of one full time administrator to four buildings.

The Assistant Superintendent, assigned to the Central Office, would assume the responsibilities currently held by the District Bookkeeper and Special Education Coordinator. In addition to being responsible for the fiscal management of the District, the coordination of special education services and federal programs, the Assistant Superintendent would be responsible for the supervision of all non-instructional services in the district and the gathering of information pertinent to negotiations. The addition of an additional Central Office administrator would require 30 hours of secretarial/clerical services per week. Hence, the position of Central Office Secretary/Clerk will be necessary.

Since the reorganization results in fewer administrators, the administrative reorganization would result in lower administrative costs in addition to stronger management of the school district, an improvement in the quality of instruction throughout the district, and greater local control.

At this point, the plan described above is a proposal. Indeed, after the discussion on Monday evening and review in various sub-committees, modifications to this proposal may be made prior to the Board taking action. Before undertaking a major change like this, the Board and I must thoroughly explore every possible option. We would appreciate your thoughts with regard to this proposal.

**PIANIST PRESENTING RECITAL AT GOULD ACADEMY SUNDAY, DEC. 6**

Allen Barker

On Sunday night, Dec. 6, pianist Allen Barker will present a recital "Piano Music Celebrating Nature and the Out of Doors" in Gould Academy's Bingham Hall Auditorium at 7:30.

Mr. Barker has concertized extensively in the United States and Europe and appeared on a number of occasions with the Boston Pops under Arthur Fiedler. He has performed at various leading museums including the Phillips and National Galleries in Washington and in cultural series at many schools and colleges. This is third appearance at Gould Academy.

Early training in piano was in Mr. Barker's native Maine followed by later study at Yale while earning his degree in psychology. After a stint in the U. S. Navy he resumed his study of piano with David Barnett at the New England Conservatory, in addition to concertizing Mr. Barker teaches piano privately at his greater Boston home in Wayland, Mass.

For this Gould recital, Mr. Barker will be playing music by Mendelssohn, Beethoven, Chopin, Gershwin and Joplin. The concert is free and the public cordially invited to attend.

Central Office administrator would require 30 hours of secretarial/clerical services per week. Hence, the position of Central Office Secretary/Clerk will be necessary.

Since the reorganization results in fewer administrators, the administrative reorganization would result in lower administrative costs in addition to stronger management of the school district, an improvement in the quality of instruction throughout the district, and greater local control.

At this point, the plan described above is a proposal. Indeed, after the discussion on Monday evening and review in various sub-committees, modifications to this proposal may be made prior to the Board taking action. Before undertaking a major change like this, the Board and I must thoroughly explore every possible option. We would appreciate your thoughts with regard to this proposal.
